European Innovation Partnership  
on Smart Cities and Communities

## The Marketplace of the European Innovation Partnership on Smart Cities and Communities (EIP-SCC)

---

**Explore** the possibilities, **shape** your project  
idea and close a **deal** for launching your  
Smart City solution!

The European Innovation Partnership on Smart Cities and Communities (EIP-SCC) is an initiative supported by the European Commission bringing together cities, industry, SMEs, investors, banks, research and other smart city actors.

## Our service for you:

Participation in a large community of smart city professionals that paves the way for new smart city projects

Access to the latest news & events related to Smart Cities

Help with the fine-tuning, making the match between your smart city projects and potential investors

Discovering information on many existing EU funding sources

Launching a debate on specific issues, initiatives or practices

Participation in matchmaking events where you can meet investors and project representatives meet face-to-face

The EIP-SCC Marketplace Investor Network is a growing group of investors and financial service providers who are actively looking for Smart City projects.

The members of the Network facilitate and/or provide financing to Smart City projects supporting the transition towards a low carbon, resource efficient and competitive economy.

## Develop your Smart City project through:

The European Innovation Partnership on Smart Cities and Communities (EIP-SCC) counts more than 7500 members from all over Europe and beyond.

Their common aims are to improve citizens' quality of life, increase the competitiveness of European cities and industry as well as to reach European energy and climate targets.

The Smart Cities Marketplace is a hub for all stakeholders, groups, networks, platforms and initiatives being involved in the Smart City field. Its single purpose is to help realising Smart City solutions across Europe by offering an integrated Matchmaking process.

This same community also represents a wealth of knowledge and capacity, which can be used in the frame of matchmaking for the benefit of the growing family of Smart Cities. Join us today!

# European Innovation Partnership on Smart Cities and Communities (EIP-SCC)

**6 action clusters and more than twenty initiatives work on**

You are very welcome to join any of the Action Clusters or Initiatives.
