The mission of SCIS

What do we want to transmit through SCIS?

EU Smart Cities Information System

- Collect data and experience from SCC and EeB projects funded by EC
- Transform data into transferable knowledge
- Communicate and disseminate to foster replication
- Issue policy recommendations
- Website "one stop shop" - to pool & preserve information on projects in scope

SCIS is funded by the European Union

How to share your project's data and stories

EU Smart Cities Information System

- Data -> **Self-Reporting Tool** – Training sessions
- Use SCIS to promote your project:
    - Your KPIs/stories on the **SCIS website**
    - Your events and stories in the joint SCIS EIP-SCC-Market Place **monthly Newsletter**
- Contribute to active community of projects coordinators -> joint promotion
- Join webinars on the analysis findings
- Use SCIS as benchmarking platform
